## Quality Chickens

*Herban Living Farm provides the highest quality, freshest chicken, locally raised for you and your family.*

*Our chickens are free-ranging on rotated pasture and fed an organic grain. They are free of all medications and any other additives. These happy chickens eat bugs, plants, seeds and all the things that real chickens on real pastures should eat.*

*Our chickens are sold by pre-order only.*

*We are also offering memberships to our organic POA. For more information, please call.*
